

## Certificate of Undergraduate Study (CUGS) in Public History

Public History is usually defined as history beyond the walls of a traditional classroom. Public Historians work as preservationists, in archives and research libraries, and as museum professionals. They may be curators, museum educators, exhibit producers, oral historians, and even community activists. The CUGS in Public History may interest students who hope to work in historical, natural history, or anthropological museums, historical societies, federal, state and local government, archival management, etc. The Certificate requires 15 s.h. of courses related to public history, including three core courses and two electives.

To declare the Public History CUGS, go to the University Advising Center, Savitz 3<sup>rd</sup> floor; the code is U110. For more information about the certificate, contact one of the advisors:
