

SEMINAR CLASS

Clinical Process Recording Template – Column Format: Individuals and Families

Your name:

1. Date and Brief Description of Contact (client information disguised): E.g., 2nd interview with 4th grade girl in urban after-school program; 1st family meeting with adult children and their 75-year-old mother in a rehab facility post-stroke.
2. Goals for the intervention: the outcomes you hope to achieve in this interaction.
3. Plans: Describe what you plan to do to achieve the goals.
4. Your evaluation of the interaction: Did you meet your goals? What evidence do you have? If not, what happened? What is your formulation of client strengths and difficulties? What are your goals and plans for future interventions and how do they fit with the client's goals?
5. Questions for supervision

Supervisor's Comments	Content of Contact	Student's observations of client(s) and self	Student's feelings, reactions	Competencies Demonstrated
